# The ROLLINS ▼ ALUMNI RECORD

*The Nativity scene carved by Alois Lang who played the part of Christ in the Passion Play in Oberammergau. This wood carving was made at the time of the 400th anniversary of the Passion Play in 1936 and was presented to the Knowles Memorial Chapel.*

MAY the true spirit of Christmas be in your hearts during the holiday season and abide with you throughout the year. And may the Prince of Peace reign over all the earth before another Christmas season comes. This is the wish of your Alma Mater to you, her sons and daughters, wherever you are serving.

## **MRS. BLACKMAN DIES**

Mrs. William Fremont Blackman, widow of former President Blackman, died at the home of her daughter, Marjorie Blackman Wallace in Palm Beach on November 5. The funeral service was held in Orlando with Dean Enyart officiating and burial was in the Winter Park cemetery where Dr. Blackman is also buried.

As wife of the President, Mrs. Blackman endeared herself to a host of Rollins alumni. Their home was always the gathering place for students. Dr. Blackman died in 1932.

Mrs. Blackman was a prominent Club woman in the State and was the author of a two-volume publication on the Historical and Biographical Study of the Women of Florida. Rollins, in 1935, conferred on her the Rollins Decoration of Honor for "eminent service to the College". She was an honorary member of Kappa Kappa Gamma, of the Sorosis Club of Orlando and of the Winter Park Woman's Club and a life member of the International Council of Women.

A memorial service was held in the Knowles Memorial Chapel on the Campus on November 22.

She is survived by Marjorie Blackman Wallace, '11, Berkeley, '07 and Worthington, '10.

Air Corps and was stationed at Fort Myers, Florida, but has since been sent overseas. Bliz' present address is 3721 South Shore, Chicago, Illinois.

Have we mentioned this before? Frances Robinson was married to Frederick Leslie Michel on December 27, 1941, at the Bradley's home in Winter Park. They've been living outside Philadelphia since that time but have recently moved to Louisville, Kentucky. Fred is a Defense Plant Inspector for the War Department there. To Bus Greaves: Breezy says she saw you in Lancaster last spring but didn't believe it so she wouldn't even wave. (Editor's note: Any time any one sees Bus Greaves, believe me it's Bus Greaves).

Mrs. Michel has apparently been getting around. She saw Nan Poeller Calhoun, more glamorous than ever, in Chicago last summer, full of talk of her son "Mike."

You'll never guess where I got these gleanings: Mickey Averitt, who is married we remember, has been living in Washington, and now has a "divine-looking" baby girl—Toni . . . Henry Stryker has a government position in Washington . . . Charlie Curie was drafted and has been stationed at Fort Eustis, but has been shipped to some other spot . . . Jerry Zipkin, that connoisseur of New York night spots and lazy living, has (it's here in print) been Vice President of the Jernor Realty Corporation in New York for the past four years. From my slight knowledge of Mr. Z's tastes, I doubt if the J R C has put much of a dent in his program which would include seeing all (not just the best) plays, entertaining itinerant Rollins kids who want to see the Stork and Chatham Walk as advertised in the New Yorker. That, of course, was up to December 7, 1941. This date apparently had a sobering effect and Jerry is attaching himself to the war effort there in New York.

Does any one really know if that was Alan Taulbee's extoic voice that used to issue from Station WQXR, because it doesn't issue any more and I suppose he too has gone to war. It was a nice voice, too.

*Secretary:* Betty Knowlton, 706 19th Avenue, St. Petersburg, Florida. Fifth Reunion in 1947.

Last word from Pres Wetherell was from Camp Niantic, Connecticut, as a member of the Military Police Battalion receiving extensive training in that branch. He's going to try for O.C.S. in the near future.

Lois Weidner is another up there in Yankeeland. She is now in Hartford, Connecticut, where she is in the Underwriting Dept. Erika Heyder is living in Boston and is with the New England Power Company. Both girls are keeping up with their music, singing in Church Choirs.

One of our gals who might have the title "Most Likely to Succeed" is Priscilla Thompson. She has an impressive set of titles already — such as "Youth Fashion Promoter" and "Youth Fashion Coordinator" — in connection with the Wieboldt Stores in Chicago. When she isn't too busy promoting she writes fashion copy, style show program copy, a little sketching for ads, and she hopes to do radio work in connection with all this. She is working hard — but loves it — especially when she's commuting between Wieboldt Stores in chauffeur driven cars.

Alice Henry writes from Rollins where she is Director of Physical Education for Women. She's happy in her work, and who wouldn't be to be able to enjoy college life once again.

Toy Skinner, after having completed her B.A. at Rollins in December, went to the University of Virginia to enter the Graduate School of Psychology and work for her Masters.

In August another Rollins romance culminated in Marriage. Aldine Baker became Mrs. Robert C. MacCorkle, Jr., She is in Miami reading French and Spanish for the censorship division of the War Department which, she says, is fascinating. She will stay there until Corkey, who was sent for 2 months training as Captain of a PT boat, finds out where he will be stationed, then they'll make definite plans.

Betty Berdhal's a school marm, teaching the third grade in Melbourne, Florida. Melbourne, in case you don't know is practically next door to the Naval Air Base. She loves her work — and her location!

All the past summer Rachel Harris spent busily being director of Water Safety for the Savannah Chapter of the American Red Cross and as a member of the faculty of the National Aquatic School at Brevard, North Carolina. Summer over she

returned to Savannah to take up duties as Physical Director of the local Y.W.C.A. Then on November 21st Rachel was married to Lt. Theodore W. Reed, Jr., U. S. Army Air Force. Ted graduated from Rollins in the class of 1939. The marriage took place in Sebring, Florida, and the couple are making their home there at present.

Sally McCaslin is another one of our super-success girls. She has an apartment in N.Y.C. with Mary Ann Wilson, and Gertrude Musslewhite. She has an exciting job interviewing people and digging up news for the Religion-Education Dept. of *Newsweek*. If you'll look in the masthead of the magazine you'll find Sally's name.

As you all know by now, Jenelle Wilhite and Sam Pickard were married June 10 in Flat Rock, North Carolina, Sam's summer home. Look back in the September issue of *Town and Country* and you may see their attractive wedding pictures. Sam is now stationed at Camp Gordon, Augusta, Georgia, and Jenelle is making her home near by.

Pete Schoonmaker is another Alum fortunate enough to be on the campus, for a while, at least. He is in the Army Air Corps enlisted reserve awaiting call and meantime is teaching golf and helping run the Intramural program.

Also waiting for call is Wilson Whitehead. He's going to be an Aviation Cadet but in the meantime is concentrating on defense work in Washington.

Barbara Michelson, who left our midst several years ago, is now at Cornell and will graduate this June. She has applied for a position in the Civil Air Patrol which ought to prove exciting as well as worthwhile.

And while we're up here in the clouds we had better tell you that Betty Phillips Sloan is one of 8 girls honored by Mademoiselle in the November issue for outstanding work in the war effort. Betty is testing aircraft models in the wind tunnels of NACA.

Two of the boys are satisfying their air-mindedness also. Doyle Darnold is taking his pre-flight training at Athens, Georgia, and Vernon Langston is at Georgia Aero Tech, Bush Field, Augusta, Georgia, taking the final phase of his training in the Army Air Corps.

Those of you who don't know will be glad to hear that Deede Hoenig (Irene Corlett on the stage) is now appearing in "By Jupiter" the Rodgers and Hart production in New York. In between dramatic school, the show, and voice lessons she has been seeing many Rollinsites — and there are plenty of them in that vicinity.

Edith Scott Justice, with her two children, spent the summer in Maine. Scotty

is hoping to go to Key West to join her husband, Ensign Joe Justice.

Two Phi Deltis find themselves at the Midshipman School at Notre Dame—John Green and Bob McFall. Both say the work is tough but like it very much.

Emmet Gaulding has been transferred from Kelly to Randolph Field, Texas. 400 boys were chosen to go there to take Basic Training to become instructors. He'll be there three months to finish the course.

Before we forget the dramatically-gifted entirely we must tell you that Don Murphy played in stock with Grace George late in September and is now on tour as the juvenile in *The Vinegar Tree*.

Prexy Bob Whiston, since September, has been snowed under with work at the Harvard Graduate School of B.A. And to prove it, he's been off campus but twice. If a Navy commission does not develop as a result of this course he will receive a position in Star Industry as Junior Executive. Which ever it is, good luck!

Jack Sharp has recently received another stripe making him a corporal. He's in Sebring, Florida, with the Ordnance Co. At present he is in the clouds having his first furlough in the 10 months he's been in this Man's Army and spent three of the days on the campus.

Mary Trendle, outside of attending the Merrill-Palmer School and being bitten by problem children, is a correspondent doing society reporting for the *Detroit Times*.

John Huska is at present at home looking around for war work, and awaiting his commission in the Navy Medical Reserve. He plans to enter Med School in April, and with the commission, will be able to finish his studies.

Martha Frost and Josephine Sanders, two Peach Tree Street gals, are in the Naval Link Trainer School in Atlanta learning to be blind flying instructors. They work like dogs, learning all about flying on a radio beam and learning the D.F. system which is used in Wartime with no radio. The course ended Friday the 13th so both were keeping their fingers crossed.

Just heard that Claire Gibeault is teach-

ing at the Orlando Senior High School; Helen Darling Johnson is now with *Time* magazine in New York City.

Grace Gehron has been working for nearly a year with the International Business Machine Corporation in New York. She loves her work which she says is anything but routine. Outside of that she is taking a course at the Hayden Planetarium which has to do with Celestial Navigations and Star Identifications. All that, together with Bundles for America knitting leaves little time for her to see any of the numerous Rollinsites wandering about the city.

Suzi Stein is also in N.Y.C. connected, more or less permanently, with an Import and Export Company.

Marian Russ has been back on campus for all the home football games and best of all was when she was asked to act as a Sponsor for the Rollins-Tampa game.

Sgt. Wesley Davis won second prize in *The New Republic* contest for soldier's verse with his poem "They Are Dead". It appeared in the July 27 issue together with a short write-up about Wesley. Wesley is an instructor at Fort Benning.

an end of the war. While at the hospital Jack's duties had ranged all the way from preparing meals to digging graves.

Twenty-eight hundred British, 350 Americans and about 150 Dutchmen, Portugese and Belgians were herded together on the grounds of the Hong-kong prison—the Japs would not allow them to use any of the buildings, that would have been too comfortable! They were allowed about 1,800 calories of food daily. "There were two warehouses jammed with canned food in the prison. There were 150 tons of oatmeal. The Japanese let the wevil eat this. They gave us a cup of rice in the morning—sometimes with a little sauce made of flour poured over it. The evening meal was rice. There never was more than one and one half ounces of meat or fish, per day, usually made into a tasteless, unseasoned sauce poured over the rice. No salt. Toward the end of the seven months we spent there, we were able to buy some food—paying ten prices to Chinese merchants allowed in the Camp."

Upon arrival in the United States Jack was retired by the Standard Oil Company with which he has been connected for the past 25 years in the Orient. After visiting his parents in Maine and relatives and friends in the East and in Florida Jack reported to Washington, D. C., for active duty with the American Red Cross.
